### Come Together

Since March we've been re-evaluating our role, our membership and the services we offer, the better to help communities face the challenges that lie ahead. This process started with the publication of our *Vision for Neighbourhoods*, and on 24th/25th September we're inviting you to attend our annual conference to join the discussion on the future of community action.

We'll also be offering a range of practical workshops covering:

- Workable models for saving community buildings
- Engaging communities through consultation skills
- New approaches to leadership
- Renewable energy sources
- Financial sustainability
- Community-led regeneration
- Engaging young people
- Conflict resolution
- Trustee recruitment
- And much more...

This year we're at the easily-accessible Reading Hilton, with visits to local community projects.
